RESULTS

Driven production leader with 1+ years' experience in food and spices manufacturing. Expert in streamlining processes, ensuring GMP/HACCP compliance, and leading cross-functional teams to consistently meet quality and output targets. Skilled at cost control, resource management, and troubleshooting to keep operations running smoothly.

WORKING EXPERIENCE

• Verger Naturals (Pvt) Ltd. | November 2024 -Present Production Supervisor

Supervise daily production activities to ensure output meets quality, safety, and efficiency targets.

Ensure all operations are conducted according to GMP and food safety standards.

Monitor raw material input and product recovery parameters to ensure maximum output.

Lead and train production staff in safe and efficient processing.

Coordinate with QA, maintenance, and warehouse teams to meet production deadlines.

Prepare daily production reports, batch records, and logbooks.

Identify process improvements to reduce downtime and enhance efficiency.

Ensure equipment cleaning, validation, and proper CIP/SIP practices are followed.
