Hindi, Marathi,

SUMMARY

A results-driven Logistics & Supply Chain Professional with 6 years of core experience in dispatch operations, store management, cross-functional coordination, and inventory control within manufacturing environments. Proven track record of optimizing warehouse space, implementing cost-saving RTV (Return to Vendor) processes, and managing critical commercial documentation. Adept at leveraging advanced Excel, Oracle, and GPS tracking to streamline outbound logistics and consistently maintain a 95% on-time delivery rate. Currently pursuing an MBA to transition into strategic supply chain management roles.

TECHNICAL & CORE SKILLS

- **Logistics & Outbound Operations:** Dispatch Management Systems (DMS), Transportation Management Systems (TMS), Outbound Planning, Vehicle Scheduling, Freight Tiger's GPS.
- **Warehouse & Inventory Management:** Inventory Control, FIFO Implementation, Cycle Counting (Daily Stock Audits), Data Loader ID labels for WMS, Material Management.
- **Commercial Compliance:** Goods Receipt Notes (GRN), RGP/NRGP Processing, RTV (Return to Vendor) Documentation, Tax Invoices, E-Way Bills, Proof of Delivery (POD) Management.
- **Software Proficiency:** Oracle, Tally Prime, Microsoft Excel (Advanced Formulas, Distance Reporting, Attendance Tracking), Microsoft Word & PowerPoint

WORK EXPERIENCE

CARRIER MIDEA INDIA PVT LTD / Sep 2022 - Present

Logistics Executive (Sep 2024 - Present)

- **Cross-Functional Coordination:** Collaborate closely with Sales and Warehouse teams to streamline the order-to-dispatch workflow, ensuring accurate invoice billing and timely material readiness.
- **Dispatch Planning & Scheduling:** Lead daily dispatch planning and vehicle scheduling for over 50 trucks based on pending sales orders, priority customer requests, and warehouse inventory levels.
- **Freight Negotiation & Cost Saving:** Successfully negotiate freight rates with 3PL carriers and transport vendors, driving logistics cost savings while maintaining service quality.
- **Transporter KPI & Detention Control:** Monitor transporter performance through monthly KPIs and MIS reporting; strictly control vehicle turnaround time (TAT) to eliminate detention charges at the plant.
- **Issue Resolution & Order Tracking:** Act as the central point of contact between Sales, Credit Control, and Logistics to proactively track orders and promptly resolve billing discrepancies or stock allocation issues.
- **Reverse Logistics & Insurance:** Manage customer returns (Reverse Logistics) via return e-way bills; coordinate with production for sorting/reworking minor damages and initiate transit

insurance claims for heavily damaged goods.

- **Billing, Audit & Compliance:** Manage end-to-end commercial documentation, including tax invoices, e-way bills, and transport billing verification; successfully provide required documentation during internal corporate and statutory GST audits.

Store Supervisor (Sep 2022 - Sep 2024)

- **Warehouse Operations:** Supervised day-to-day warehouse operations, leading a team of 5+ associates to maintain high productivity.
- **Inbound Inspection & RTV Cost Saving:** Managed the GRN inwarding process and conducted strict material verification; identified short/damaged items and executed immediate RTV (Return to Vendor) documentation, optimizing freight costs by returning rejected goods in the same or subsequent vendor vehicles.
- **Inventory Control (FIFO):** Implemented and monitored strictly FIFO (First-In, First-Out) principles for inventory management, significantly reducing material aging and wastage.
- **Cycle Counting:** Executed daily Cycle Counting and physical stock verification for high-value parts, maintaining 15% improvement in stock accuracy and resolving discrepancies instantly.
- **Space Optimization:** Optimized warehouse layout and space utilization to resolve capacity constraints and established a process for timely warehouse-level damage identification and rework coordination.

CAPAZ INDUSTRIES PVT LTD / June 2020 - Aug 2022

Dispatch Supervisor

- **Workflow Management:** Coordinated and communicated customer orders and service requests with internal teams ensuring seamless workflow.
- **Asset Deployment:** Managed the deployment of assets and vehicles for the timely delivery and pickup of goods.
- **Productivity Optimization:** Monitored service performance, tracked transit times, and made proactive adjustments to maximize logistics productivity.
- **Quality & Dispatch Control:** Oversaw final order processing and rigorous quality checks for defects before outbound delivery.
