PROFILE

A Skillful candidate who works with a higher efficiency with the help of innovative ideas, willing to take a part in a challenging career atmosphere with in-built leadership, management, team working, and organizing skills.

EXPERIENCE

- **2016 - Present** Hayleys Advantis Ltd (Ekala)
Head of Key accounts
In the role of Head of operation, I must lead the team on the target of fulfilling customer requirements without any failures to achieve the relevant KPIs and quality service towards the customers.
Handling the team members by fulfilling the internal requirements within the budgeted expenses also a main responsibility which I have.
Taking part of an active role in the continuance improvement (Lean/ Kaizen / suggestion) team to drive the company towards the main KPIs is also one major responsibility that I handle.
On the other hand, I have to make sure the site contribution is up to the standard in day to day basis which will eventually reflect in monthly review.
Customer service management by responding to all employees and customer inquiries and complaints.
- **2009 - 2016** Brandix apparel solutions - essentials (ekala)
Warehouse Officer
In role of raw material issuing for the plants, coordinating with the planning team and the sourcing team to complete the requirements for the schedules and making sure the lines have the raw materials to take up the day to day work.
In role of GRN, update the system with received goods by GRN which will link to the supplier payments through the finance team.
In role of updating the "Update BOM", this is the requirement sheet for a relevant style use to push the sourcing team to keep the raw materials on time for plants.
In role of detail analyzing, maintaining the inventory with the physical stocks without any shortages or excess.
