## ABOUT ME

I am an enthusiastic and motivated undergraduate student at Sabaragamuwa University of Sri Lanka, pursuing a Bachelor of Engineering Technology (Hons). I have a strong interest in design, technology, and creative problem-solving. With skills in AutoCAD, Solid Edge, and Microsoft Office, I am capable of working effectively both independently and in team environments. I am also confident in leadership, communication, and marketing abilities, and I am eager to gain practical experience while contributing positively to professional projects and organizational growth.
